To my many friends who support me but owing to conditions of others Sermon at 7 o'clock. who were running fir the office of failer could not.

I see that there are a great many candidates already announced for the office of faller. I have neglected making my announcement earlier us I did not deem it necessary for it is generally understood by the voters all over the County that I would be a candidate for the office.

While I have been urged by a great many good and Inlinential men to run for the important office of Sheriff, un office of more compensation and honor than that of Jailer, since I was the second choice of about a dozen candidates for the office of Jailer four years ago,, I will ngain remain a candidate for that office and I think I will make it interesting for the boys this time.

And now I want to ask that every good citizen of Knox County, both man und wommn, who believes In a civilized administration, both moral and upright in every respect, will give me his vote and support with his best influence.

And if I am elected as your Jaller of which ejection I feel sure, I will do my very best to make the people a good officer in every respect. To my opponents I want to say that I will treat them nice in every respect.

While this is a very short statement, i do not deem it necessary to make a longer one in this Issue for

"Last Sunday I got up to get my own breakfast and as well as I remembered, my wife puts the coffee on lirst. I got out her percolator and after trying all sorts of stunts the thing wouldn't bubble over the top and there I was. Finally i got out of patience and threw it on the floor, jumped on It with both my brogans. Teli her If she wants a percolator she hetter get one there in KnoxvIIIe. I got a tin pan and finally got something that tasted like coffee but it was so full of grounds could hardly get it down.

"I tried to fry some breakfast bacon, but put too much salt on It and couldn't eat it. Of course any fooi can scramble eggs and this Is all that saved me. When I tried to clean out the skillet I had used I never could get out the egg stains. I tried my hand on corn batter cakes of which I'm very fond, but when I got them made I threw them out in the back yard and even the chickene passed them up. In despair I thot I would boll a potato for certalaly anybody could do that. Then I got busy looking after the thousand and

Marine Glue.

Marine glue is prepared by dissolving one part of India rubber in crude beauthe and mixing with two parts of shellac, by the aid of heat. The waterproof character of this cemeat in connection with its elastic flexibility makes it a nseful substance in many applications to house construction and to furniture. This glue is applied with ease when warm, and cooks with projuptness. it was originally inteaded to be used chiefly on hoard ship and is well known to Europe.
